Dear Hal,

Our situation is basically unchanged except that I expect to be able to be able to bring Bill home soon. So, what I can do is more rushed than before.

I'm sorry you did not identify those who maligned you so that when I heardc from or about them I will know.

More carzies all the time!

Odd that when Kaffka was a symbol informer the FBI did not redact his name.

One possible explanation for some of this stuff is that at the least the FBI had the KX FPCC HQ informer working for it.

Maybe more.

Thanks and best,

Hal
